The Web Series

These notes are taken from Barry Luijbregts' PluralSight course called *HTML, CSS, and Javascript: The big Picture.* The images are screen captures, a few of which have been edited. Some additional information is included from various sources, which are listed at the bottom of each post in the References section.

This post is part of a long-term series called The Web Series. To start from the beginning, check out History of The Web. The Web Series includes everything you need to get started on the path of web development.
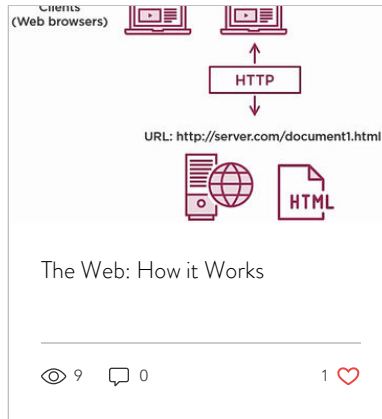

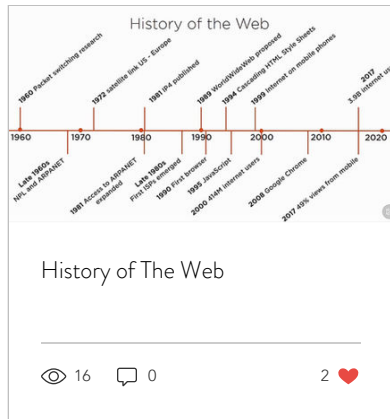

_____
